well as a couple of glances at her large, chest which stood out impressively.

The lady was getting on a bit (about 50, stout, heavy and matronly) saw me eyeing her up, but still decided to let me inside to

explain the uses of my products. "Come through to the lounge, young man," she ordered, showing me down the hallway of her house after she had closed the front door.

We got on with chatting for a while, she seemed quite friendly and took an interest in the brochures from my briefcase. Being a large, mature lady, she settled back in her armchair, leaving me on the sofa. I soon noticed, to my mounting excitement, the view of both her large bosom and her legs as she sat there. She was sat cross legged and from where I was I could see up her legs and along her shapely, luscious thighs clad in glorious dark tan nylon. I hoped I would get to see more.

Selling With Spunk

Dear Ravers,
During my time as a young, door-to-door salesman, I had a couple of frolics with lusty ladies on my rounds.

One day, after I'd completed my trainee course, I got myself a good

More Up The Duff Chuff

Dear Sir,
Congratulations! The first major circulation men's magazine to show a pregnant woman for 15 years and I see there's more next month.

I've been able to get hard-core Dutch and German magazines and tapes of pregnant girls. At the end of the day that's what they are there for. May I suggest some small refinements. How about their vital statistics? Tell us how long they have looked like this - It looks like Julia's in her seventh or

eight month. They don't have to be starkers, either. Stockings are always a turn on. Why not have one in uniform? "Our pregnant college raver," could be interesting, or better still - two together.

I also liked your letter in Vol 1 No 8 telling how your reader conceived and the story of the girl who was impregnated by an alien. Perhaps a story about a girl who doesn't take the pill and her realisation too late that she was unsafe as her lover comes deep inside her. Perhaps she could call for his baby juice at that moment. How pregnant girls make love, month by month would be fun.

Your magazines cater for sex. Pregnancy is the natural result of

customer, as well as a saucy couple of hours, in pleasant company.

A lady answered my knock at the door, then I got into my usual sales patter on her doorstep as

looked more than a dozen times at this buxom, mature lady's legs and thighs until, eventually, the lady looked at me oddly, as if knowing what her young sales-

man was cheekily doing and enjoying. The pressure was incredible in the front of my trousers and pants as I began to shuffle nervously about, my heart pounding faster than ever.

A few moments later, the lady got up and came over to stand in front of me, giving me the jitters. "Dirty young devil! Do you want to see more?" she asked and slowly hitched her skirt up a little for my young eyes to examine openly. "I hope you're big and hard, because that's what I want to see, young man." She obviously knew what she wanted.

Within a couple of minutes, she had me touching her up and rubbing her thighs, nylons and more or less putting my hands up her skirt, only to find her wearing tights. "Ooh, naughty salesman, I bet you like going up there quite often," she teased.

dick, I want you harder, stretch it inside me, come on young man, I want shagging," she yelled at me.

I feasted on her heavy, melon-like tits - squeezing, rolling,

sucking at her 40 inch knockers and grasping her large, fleshy bottom. "Mmm, naughty boy, coming in my house and shagging me," she was playfully teasing me.

I took her in the doggy position, the bed creaking and shaking violently. I could hear the lady enjoying my deeper penetration with her gasps and pants even more, whilst I banged away at her sexy body and felt her arse with my hands.

I splashed my load all over her bottom, which she thought was strange and began to laugh as she rubbed my sperm into her bottom cheeks with her hands. I told her that she'd get sticky knickers against her bum, and she said it was more than her old man ever gave her. We soon got dressed after we had had a little rest and she filled in a form to

My hands were now doing even more, probing all the way up at her demanding request.

"Let's go up, my dear," she told me. We moved upstairs and the lady quickly got me out of my clothes, before pushing me out horizontally across the bed and began to pull my hard dick up and down, as if in a hurry. Then she urged me to undress her quickly too, letting me flip her skirt down and then pull off her tights and knickers.

With the lady throwing off her own blouse and bra, she lustily got on top of me and impaled herself on my brave, hard prick and let herself enjoy 10 minutes of utter sexual relief. "Oh, lovely

should model for his camera club, I know that he fancies me. Mike and I suggested to Ross that we would like to make a porn film. He said that he could get a few of the younger members to come round one night for a photo session.

That evening Ross and his friends arrived. There were six of them and two of them were coloured, all good looking guys.

It didn't take them long to set up their equipment and one of them was setting up some video cameras and lights. I was already dressed in some sexy clothes in order to turn

Andrea In Action

Dear Ravers

Thank you for printing my letters in Vol 1 Issue 6, your magazine is the best out.

I really liked reading the interview you had with the lovely Helen Duval. It got me thinking that I would like to star in my own porn film. I was particularly interested in what she said about double penetration and gang bangs; it made my fanny wet just thinking about it!

I have watched several videos of women being fucked by gangs of men to get some ideas. Mike likes to watch me being shafted by someone else, he said that I have the biggest lust for cock that he has ever known.

One of Mike's friends, Ross, has often commented that I

them on even more.

I put some music on, had a glass wine and started to pose. Gradually I took my clothes off and soon I was down to my underwear. I then took my bra off, followed a few seconds later by my knickers. You should have heard the cameras clicking at my bald, gaping, fleshy fanny. There I was, naked apart from the high heels I had been posing in for a couple of minutes. The men were turned on, but it was time for a change of clothing.

Mike came up and said the guys thought I was very sexy, he

had heard a couple whispering saying that they wanted to shaft me. I told him that I was really turned on as well, and ready for a good fucking. Smiling, he slipped a couple of fingers into my soaking wet fanny and started to finger-fuck me, getting me even more excited!

I told him that I was going to be very, very naughty. I returned downstairs, dressed in a skimpy outfit and my best lingerie, all black, of course. Soon enough I was posing once more and I told them, "Now it's my turn to have some fun." I was soon down to my underwear and once more I took my bra off, then pulled my knickers up into my fanny. The material had almost disappeared and all you could see was my swollen outer fanny lips. I took my knickers off, then slid my fingers down and held my fanny lips open for the cameras.

To turn them on even more, I pushed a large dildo into my fanny and started to fuck myself, really pushing it deep into my fanny until all you could see was the end that I was holding. I told Ross to strip off as I wanted his cock. He stripped off and came over to where I was sitting. I took hold of his long cock, it was thicker than Mike's and was topped off by a large purple monster of a bell-end. I took Ross into my mouth, feeding his length as far down my throat as I could, still fucking my pussy with long deep thrusts from my dildo. The cameras were clicking away like crazy and the guy with the video camera was trying to get as close as he could in order to capture it on film. Ross didn't have much in the way of staying power

Dear Ravers,

Last New Year's Eve, my husband Ted and I had no particular plans, except to go to a local pub and have a few drinks. I showered, fixed my hair and make-up, then got dressed. I thought I'd give Ted a surprise, so I put on my lacy black suspender belt, black stockings, skirt and skimpy top. Apart from my shoes, that was it. I never go out wearing knickers; I can't stand a visible panty line. When we arrived at the pub, there was a friend of ours, Keith, who was on his own, so we stood together. As the drinks flowed and the music pounded, Keith suggested that we go to his place after the pub closed. We both agreed, as it sounded like a good idea. When we got to Keith's, he poured some drinks, while Ted and I looked at his music videos and put on one we liked. We were all sat around

ing a film with my husband and his mate.

It wasn't long before Ted whipped his cock out and pulled my head down onto him. It felt very naughty to be sucking Ted's big seven inch weapon, whilst Keith sat watching. He could see Ted's cock standing proud in my hand as I worked my fingers up the and down his throbbing shaft. "Do it if you want to, don't mind me," said Keith. We carried on at first, as if Keith wasn't there and what with the film and the drinks, the atmosphere felt really relaxed.

It wasn't long before Keith came over and sat near me, just as Ted was kneeling on the floor, giving my soaking hole a really good licking. "Do you want to join in then?" I asked him. He readily accepted and in seconds he had released his waiting cock from his pants, wanking himself with one hand. He reached for my breasts with the other and, pulling me towards him, started to suck my nipple. At this point, Ted came up for air and started to play with my other tit. I put my hand on the back of Keith's head and pulled him off my tit to give him a kiss before he carried on. Then Ted started pushing his cock against my breast as Keith was chewing its mate! I was getting wetter by the second.

Keith's cock was now more than

didn't seem right for him to be left all alone, so I beckoned him over and put his cock into my mouth, looking up at him as I did. It wasn't long before Ted's thrusts became faster and I felt his balls emptying inside me as he gripped my arse... lovely! He then pulled out of me and I lay back on the floor while Keith positioned himself on top of me and pushed his pole inside, then he began to thrust in and out of me. He stopped before shooting up inside me. I guess he wanted to save himself. He got up and Ted lay on the floor whilst I sat my slit on his face, screwing myself onto him. Keith was watching intently and every now and then he would put his cock into my mouth to suck. I thought Keith was going to squirt his come onto my face as I reached an orgasm on Ted's face. It was all so intensely exciting and I could feel Ted licking every drop of juice out of my cunt. It felt wonderful. I got up and told Keith to lay on the floor. I sat astride him and lowered myself onto his cock. His grateful expression was obvious as I started to bounce up and down on him and he gently tugged on my nipples. Ted was behind me now and starting to feel randy again as he watched me perform with his friend. "Fuck her as well, Ted, go on, do it!" pleaded Keith. I was busy fingering my clit and

drinking and we chatted whilst we watched the video. Keith happened to mention that he had some other videos, if we were interested. Ted and I certainly were and, after a few minutes, we were choosing a German porn film to watch. It was really horny watch-

willing to join in, and he pulled me down onto him, just as Ted had done. I worked down his cone-shaped length with my tongue as my mouth took him in. Ted, in the meantime, continued playing with my tits and licking my juicy twat then, as I released Keith's cock from my mouth, he moved aside, allowing Keith to move down to where he had been and start licking my twat. I could feel my juices running down the inside of my thighs! Ted could wait no more and pulled me away from Keith's tongue. He pushed me to the floor and, after arranging me in a kneeling position, he rammed the whole of his length into me and started fucking me from behind. This seemed to send Keith wild, and he started to wank himself furiously. It

riding Keith's cock, when I felt Ted's familiar cock rubbing against my back I leaned forward so that Ted could slide his cock deep into my throat as well. This was the first time that I had had two men inside me at once and the feeling can only be described as magnificent. I was loving every minute of it. We moved together and I was the first to come, in waves that shook my whole body. I could feel Ted push harder against me, almost at the same time as Keith came like a volcanic explosion inside me. We lay there a for few moments motionless, then Ted and I got ready to go home. We laughed about seeing in the New Year with a bang, and I hope your readers will like the pictures that we took during the night.

Ted & Heather.

Carol

At the end of the day, it's often best to leave things simple. You can have pictures of a nude girl hang-gliding, a woman dressed in rubber, or a naked girl covered in lemon curd. None of these ideas, however great, will ever beat that old classic 'naked bird on a bed.' Often used, never tiresome and, as long as you change the sheets when they become crinkly, you can go on forever. Although the Ed always takes our old ones away to clean. Come to think of it, we never see them again after he's had them...

The Bang Gang

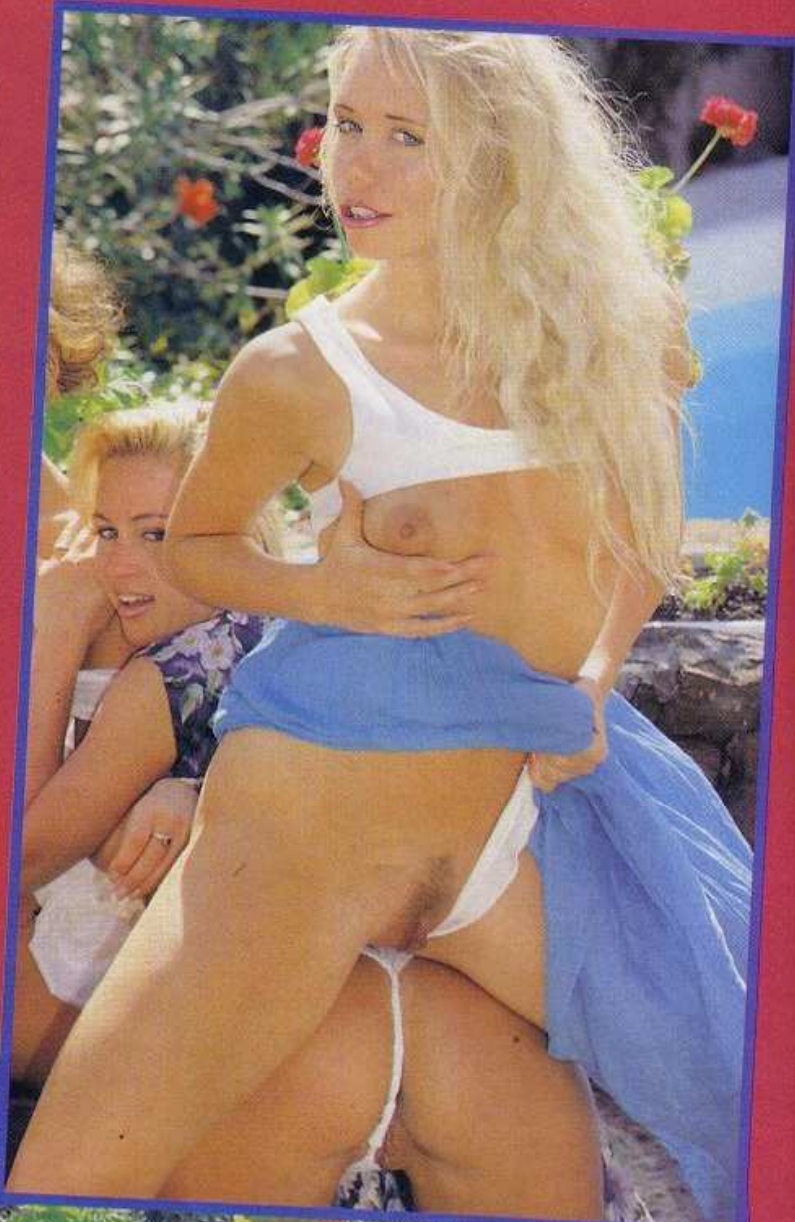

Here in Ravers, for the first time, we present the cast for the filming of the new, unedited version of the suppressed Enid Blymey novel, "Five-get-their-tits-out-and-Play." The reason for the suppression of this title is obvious, as it reveals that all five of the team were female, though three were obviously Drag Kings. Furthermore, it turns out that Timmy the dog was in fact a dildo, hence his obvious closeness to the terminally single 'George'. The series was originally planned as a plea for sexual liberty, and was only changed when it was realised there was no chance of publication. We at Ravers are proud to do our bit to redress the balance.

Playing With Mr Bendy

You've seen her covered in baked beans and cream, but I bet you've never seen her swallowing a cock the size of a cucumber, have you? Well take it from us, she's a goer. In fact, young Sapphire here as she's now known, is expected to become the next Sarah Young. And she loves cock. So we sent ROGER 'FUCKMEISTER' LEGHORN out to give her one. An interview, that is...

How would you describe yourself?

"I'm five feet nine, I have blonde hair, which at the moment is long. I have hair extensions in but Peter wants me to take them out. I look a bit like Brigitte Nielsen or Sharon Stone with short hair, and a bit like Pamela Anderson with long hair. My measurements are 36-23-35, and I have very, very long legs that reach all the way to heaven. I'm 28."

Where are you from?

"I was born in London, and I've moved all over the place. All my life I've been moving around, because of my dad's job at the time. He was in the Air Force, then he went into computers."

What sort of modelling did you do before you got into movies?

"It was thanks to a semi-professional, amateur photographer called Manny who started me off. He showed my pictures to Galaxy...and they liked me and it started from there. I only started about a year ago...I'm married and I have four children. When I first started modelling, my husband said, 'No topless', and I did it. 'No open legs,' and I did it. 'No porno,' and now I'm doing it, and he doesn't mind. I come down to Walton-on-

Thames and I stay down here for four to five days at a time because it's easier to get around if anything comes up in London."

How did the porno films take off?

"I'd done a couple of soft glamour videos, one for Paul Markham and one for Bob Belcher, as well as a five-set mini-striptease for someone else. Bob's one involved solo girl masturbation, and for Paul I did a two-girl set. When I decided I wanted to do hard-core I called Bob Belcher up, and he put me in touch with a guy called Ishmael. So I went over to Holland and I did some stuff there for Amanda Charles videos. In the meantime I'd met Ernie Taylor and he'd done a sample video of me so he could show people around. He showed it to Peter Kay and Peter liked what he saw, so when I finished in Holland I went straight over to Peter and I did some more filming. They just decided that they wanted to put me on contract to take over from Sarah Young, who's now (semi)-retired."

How was it making the first hard-core film?

"The first day I was a little bit nervous because I had no idea what they expected. I found it quite difficult working with Ishmael

because there was no set script, you didn't know what the storyline was, he just told you things as you went along. Whereas when I was working with Peter, we knew the basic storyline so we knew how we had to be. For Ishmael I did a domination one where I was in a gym. It was a bit corny, because my gym thing breaks and a toolman comes round and in his toolbox he has things like handcuffs and ropes. I ended up getting tied and fucked up the a**e - well, fucked everywhere, actually."

Had you done that before?

"I've had a**I, but only once before. It wasn't planned, but I was just with two guys and I ended up being sandwiched. It was quite nice! I think the most embarrassing thing was because I hadn't really thought about it, doing it for Ishmael it was different. When I came out of the bathroom he said, 'Have you washed?' and I said 'Yes'. He said 'Are you all clean inside?' I said 'What do you mean?' He was trying to explain it, and in the end it was so embarrassing sitting on the toilet squirting my ass. Ishmael then asked me to do a food scene where I got covered in cream, strawberries, everything. Someone else had to lick it off me, and that was fun, too. Then I

just want to be any old porno queen. I want to be The Porno Queen. I fuck well. I'm not one of these people that just lie on a bed, close their eyes and grunt. And I don't fake orgasms. I always come on camera, every time – several times, usually. I'm very noisy, too. If I'm going to fuck a guy, then I fuck a guy. I don't just lie there, I move."

had to dominate someone. It was like a dream sequence where a guy was reading a domination magazine and he fell asleep in a chair. I walk in complete with whip and had to humiliate him and fuck him. I quite enjoyed that..."

What did you do for Peter? Aside from the really rude stuff we can't mention?!

"I had to dominate a girl and fuck her with a black dildo. It was the first time I'd used one, but the only problem was I couldn't use it very well because it was hurting me. A part goes inside me and the other end goes in her, but the way it was designed it was pulling back on that bit of skin between my ass and my pussy. I was dressed in bright red leather PVC stuff and boots..."

Do you watch much hard-core?

"No I don't. All I've seen so far is the Adult Channel (which is soft-core), and so far I think the acting is corny, and they're not that beautiful. I think they're all the same in some ways – they don't make an impact. You also need a storyline to make a movie work. Anyone can just go into a room and fuck, and guys don't like to see that. (Um, I do! I prefer it to a storyline! – Ed) I think they like a little bit of story and something to fantasise about. (Uh...nope. I just like to see shagging! – Ed) Most of the time with me the guys come on my face, but I don't mind that because I like the taste of it anyway. I like oral – it's good for you because it exercises your throat!"

getting raped, then it's worth it. Also, if you can spice up someone's marriage by doing this, then it's good. If they ask me what I do, I say 'I'm a model, an erotic dancer, and I'm a porno queen'."

What's going to get you to the top in hard-core?

"I need plenty of publicity and I might be having a boob job done. They're going to pay for it to be done in Germany, so I'll end up maybe a 38. I don't want to be too big, so they're down to my waist! I don't think most men like that anyway. At the end of the day, if you love fucking then it shows. If I didn't love fucking I don't think I'd get anywhere...I could handle 15 men at a time – I know, I've done it."

A lot of girls won't do hard-core because of the AIDS threat. Does that not bother you?

"No. I have to be careful and I have to be wary. If I fuck with men outside the movies then I have to use condoms. In the movies I don't use condoms because I know most of the guys I'm working with have got AIDS certificates. Why worry about it when I'm doing it? Tomorrow I could walk out in the street and get knocked down by a bus. I'll deal with it if it happens."

If someone met you and asked what you do for a living, what would you tell them?

"I'd be honest. I go swimming at my local swimming pool and I have old ladies sometimes asking me what I do, and I still tell them! I'm not ashamed of what I do because I think it's the most natural thing in the world. I think I'm some form of release system for other people as well, because if some guy can have a wank over my movie and I've stopped some woman

"Then Jennifer, Steve and I did another one that was like a dream fantasy thing. It didn't go to plan so it was basic fucking in the end. I was playing with Mr. Bendy, a huge dildo that's double-ended and wobbles – I fucked my self with that and fucked myself up the ass with a vibrator."

What are your ambitions?

"My ambition is to reach the very top. I don't

BABEWATCH™

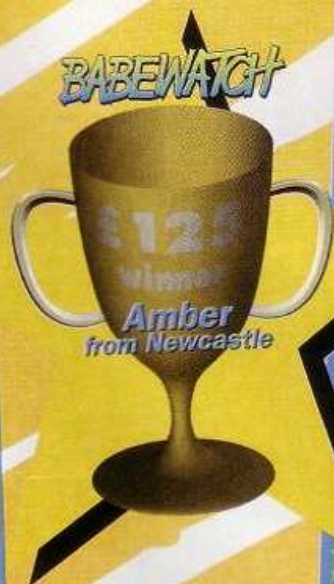

Here at the Ravers Editorial desk we have had a bright red knob installed. No, it's not the assistant with sunburn, rather the whole crew have just become licensed Wife Guards. The Ed had even had a chest wig stapled on to his nicotine withered frame and insists on being referred to as Minge Bigwangan. The assistant has bought a pair of rubber knockers and answers to the monicker of B.J. and the art department are prancing around in red cossies whilst the editor in chief looks through a pair of binoculars at the growing pile of stroke mags by his desk (not that this business affects your sight or anything).

The reason for all this is the arrival of **BABEWATCH™** where every month you will get to see a top bird with no clothes on. Original concept? No. Stunning actors? No. Intellectually challenging? God forbid. In this way and so many more it's just like a certain TV show we dare not mention. Like that show, it's basically an excuse to show a few top pairs of tits.

Not that we ever needed an excuse before, but we don't want our families to think that we enjoy this job, do we?

This month Amber from Newcastle on Tyne shows us why her hubby is a lucky bastard and why the youthful graphics team of Scotty and Powelly (or the fluffers as they are affectionately known around the seedier pubs in Essex) have been having fits of puppy love whilst they put together this issue. We haven't the heart to tell them that, as usual, the Ed and his henchmen get first dibs of any piccies.

Only one complaint though, Amber, could you please send us some more pictures of yourself with all your naughty bits out as we want to see how long the Ed can look at them before he has a cardiac.

That's right folks, deep in the heart-lands of Suffolk lies Dedham, famously immortalised in the panoramic piccies of John CuntStubble. Unfortunately, he liked to paint trees, flowers and buildings. Here at Ravers it's 1995, and we prefer tits, fannies and arses. So it's bye bye Mr CuntStubble, hello man with a zoom lens and semi-naked lady. To quote a famous protest song, "The times, they are a changin'." Damn straight, pal, and change for the better to boot. We'd also like to apologise to Dedham residents for taking filthy photos in their town. Not!

ly fuck me. It was fantastic having two large cocks fucking my fanny at the same time. As I was engulfed in wave after wave of pure lust, two more started to fondle my tits. I took hold of another cock and began to wank it off before I licked and sucked it. I can't describe the feeling of having all these cocks to fuck and suck. Ross and Bill double penetrated me just as Helen described it in her interview - it was fucking lovely. As I was being shafted the others were wanking over me, and all of it was being captured on film, then we changed positions. I was stretched out on my back as Ross slipped his cock into my soaking wet pussy and another pushed his cock into my mouth, a third bloke pushed my tits together, pulling and sucking my nipples, after which he pushed his cock in between my cleavage; following a fast and frantic tit fuck he came and covered me in spunk. I sucked them, fucked them and they fucked me from both ends at the same time. While I was being fucked, others were coming over me and they filmed me in every position - doing everything that was possible. Since that night Mike, Ross, his friends and I have made several other horny videos. I have even done one with two other women, although that's another story. But I promise that if you print this letter I will tell all another time.

Andrea, Lincs.

A Quick One

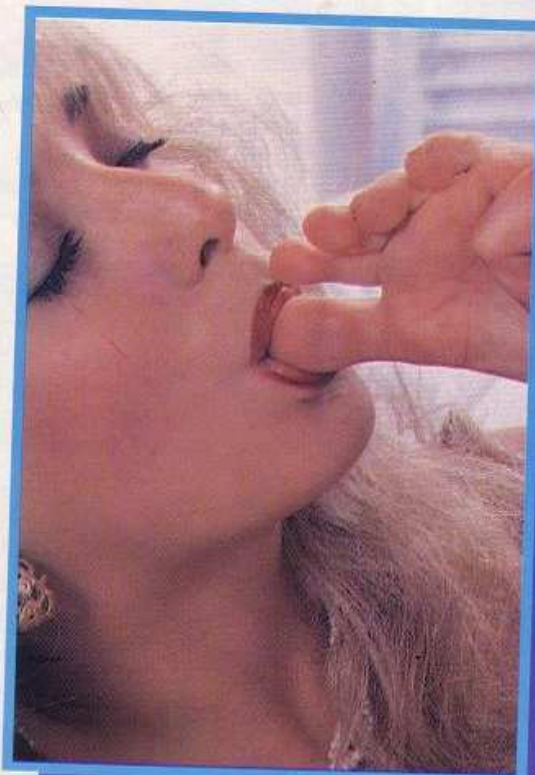

Have you ever believed these letters from men who claim to be turned on by watching their wives being ravished by a younger man? I certainly didn't, until one day recently.

It was a day of disaster from the start. I had to attend a meeting in London and left early by train, whilst my wife Ruth had a business meeting which was vital for her company's survival. She felt very confident. Afterwards we were to attend an evening function organised by some influential big business friends, where Ruth was guest of honour. I should explain that she is 37, and was often invited for her wonderful good looks and business poise.

I had been building up for a bout of flu and had to leave my London conference early, with some borrowed aspirin and a taxi to catch

The TOE JOB

Feeet. Can't say that they give me a stiffy the size of the Empire State Building, but we've had tonnes of letters from feet fans who reckon this bit is the tops for toes. The thing is, we could do with a few more piccies of readers' tootsies, so if you think your plates of meat are up to it, let us know. We'll pay £25 for every one we print. **Write to:**

Roll up, roll up, roll up. It's time for Military Corner, our occasional tribute to those brave men (and women) in khaki, where we get a woman to squeeze into armed forces garb and then take it off again. Hurrah! This set's dedicated to anyone in the forces who isn't based in Britain. Look at what you're missing! Wait for our extra special AWOL certificate, coming soon to an MCTC near you...

bered the grand dinner party, and tried to let Ruth know the car was at the station; she was out, so all I could do was leave a message on her office answering machine.

Then, wrapped in a warm rug, I crashed out on the settee, just off our main sitting room and rather in the shadows.

I came to painfully and realised that Ruth was in the main sitting room, also slumped on a settee and clutching a large drink. She had lost her usual

the train. I arrived very early, leaving my car at the station and catching another taxi home. Shivering and shaking I drank a large whiskey, before I remem-

business poise, and I later heard that her business deal had gone sour. I tried to lift my head to say something, but she was now dashing around making frantic phone calls, and I sagged back,

exhausted. She hadn't spotted me and, as the car was missing, assumed I must be detained in London. It often happens.

One word now would have altered everything, but I felt so shagged I dozed off again - to hell with it all.

Again I struggled awake when I realised someone was calling. "Is that you, Luke?" asked Ruth, and in walked the son of our friends. Luke is a tall, well-built student of 20; we've known him since childhood when he had a crush on 'Auntie' Ruth. His parents had sent him

Before shooting a multiple girl food set, you want to check to see that the foods are going to smear, squelch and melt in a way that is attractive to the eye. We called in Nicky to 'road test,' various munchies and when we saw the evidence we shot our loads right out of our trousers. So here it is. Who needs to organise a foodfight when you've got a beautiful young lady who's more than willing to smear herself?

looked into her eyes and started getting romantic, she still thought she could handle the situation. He was groaning: "I must have you, Ruth," and was palming her breast through her blouse. Gently, she eased him away; it was a juvenile slip, she thought. But she made the mistake of repeating her offer of a drink. By now Luke was shaking in his lust for this adored woman of his youth, and he slipped his hand inside her neckline, scooping out one breast which he literally covered with great groaning

to drive her to the dinner function. Between them, they decided that I couldn't arrive from London until the next train, and that would be too late. "I have to change but we still have time for a drink," Ruth smiled, enticingly.

Luke sank onto the settee beside her. He was shuddering as he seized her shoulders, turning her toward him so that he could kiss her hard on the mouth. "Luke!" Ruth sounded more surprised than shocked. She was flattered, I think. She had always kissed him as a boy, but this was something different. When Luke

By now Ruth was pretending to protest. "No, no Luke, think of Geoffrey. We're still in love, Luke." Her voice was almost inaudible, but to my astonishment I was almost on Luke's side, and willed him to carry on. Even in my feverish condition I could feel my penis fighting an erection amid the swathes of the rug. Then Luke

Tamer than a Labrador puppy on Prozac, our films are presented by a host of top glamour models and interspersed with no-expense-spent 0898 chat line adverts. Film Premiere

1.30am Soft-Core Bob On The Job

Our cheeky cameraman Bob rushes around locations in the South of England and asks girls to shag him. Spank your monkey while you watch Bob chatting the girls up, and then wait for your cock to go limp when you realise that this movie is full of absolutely no hard-core shagging at all! Yes, that's right, we've left hours of fucking, sucking and spunking on the cutting room floor! *Marks out of 10: erm...ask us another one.*

Film Premiere

2.30am Chained Bitches In Lesbian Fisting Fuck-Fest

Deep inside Bitches Prison Camp, the girls are getting restless. When Molly, the lesbian top bitch takes a shower, guard Joanie joins her and plays with her loofahs and sticks her whole arm inside Molly's sopping cunt. At least she does in the version we've seen. Unfortunately, we had to edit all that stuff out before we could show it on telly. Still, never mind; there's a few boobs and bums that we haven't edited out, I think. *Marks out of 10: look, piss off. We've got your money, haven't we?*

3.45am Fish Of The Day

The smelliest old haddocks on the circuit bare their top bollocks and fanlies for you to lust over. Sort of.

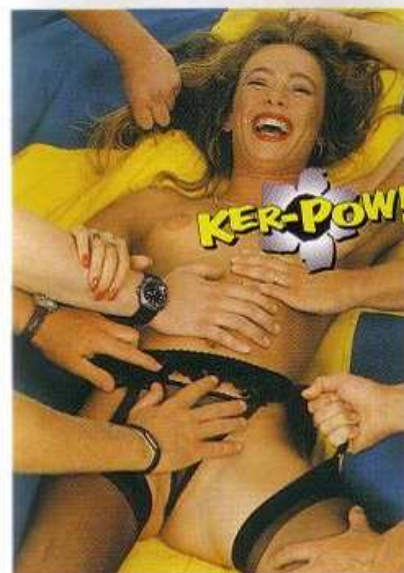

4.15am Lumpy Spunk Gang Bang Ptl - 300 Into 1 Does Go!

Top notch close-up work won this hard-core orgy come-fest flick plenty of fans. Here we present it in the fast edit style. Not the director's cut. *Running time of edited version: one minute 54 seconds.*

And remember, there's plenty more where this came from!

Rave On!

suddenly fell to his knees, blurt-
ing apologies and streaming with
tears. Bloody pansy, I thought.

But it was only momentary,
and the most glorious sight came

to my gummy eyes, of him raising
her skirt almost to her waist.
Even Luke was taken aback since
Ruth had the most glorious legs,
shining in dark tights and dainty

knickers. Luke bent to kiss them,
but sensed that his fingers would
have more effect, and his urgent
smoothing her crotch made Ruth
gasp, coming so soon after the
massage of kisses on her tits.
She made one tremendous effort
to stay the hand that penetrated
over the top of her tights. "No,
Luke, we mustn't."

I later heard that Luke had had
quite an apprenticeship amongst
the college girls. At some stage he
slipped his penis from his flies so
that it stood vertical and pulsing.
"No Luke, dear. Oh my God, boy;
that's beautiful." Faintly she
reached out and took it in her
small hands. A very decent size it
was, smooth and pale - a young

man's cock. For a while Ruth
manipulated the strong shaft as
though in a dream, and it seemed
to grow. She swung her legs along
the settee, lifting her arse so that
Luke could slide off her tights
and knickers. Simultaneously
Luke and I gasped at the sight of
her cunt. I had always considered
it beautiful, but now it was vul-
gar, flushed, ruddy with lust.
There was a sheen where Ruth's
love juices had trickled to her
thighs, which she now spread
wide, arching her bottom
upwards towards Luke's tool. He
had slipped his
trousers down and
poised his muscly
thighs between Ruth's

Linsey

Hi folks and welcome to the brand new Ravers game you can play in the privacy of your own home, called, "Look at the Mamms on her!"

The game is simple and fun to play. Simply go to the newsagents and buy a copy of Ravers. Then, once said mag is firmly under your arm, stride home to inspect the contents. In the comfort of your own home, open the magazine and look at these very pages. Finally, yell out, at the top of your voice, "Look at the Mamms on her!"

It's a game easily learned, never forgotten. Play it in the supermarket, on the train, at the hospital; in fact, everywhere you see a woman with large paps.

'Look At The Mamms On Her' - the name of the game that's on everyone's lips.

As if in some kind of trance, I realised they had departed, and I struggled to bed, torn apart by the conflict of lustful vision and a rage of humiliation. Still in the rug, which stank of my spunk, I sweated with hot dreams. This is the reality of it – one minute you

I never confessed to having been a witness in case it came between us, but sometimes a doubt hangs there, which one word, even a cough, could have saved.

Tiny Penis

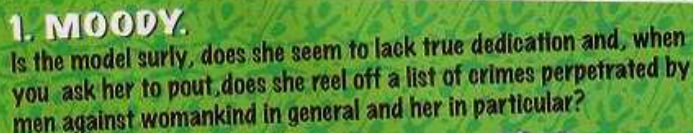

Dear Ravers
My problem is my small

The Problem: PMT - just another excuse for women to have a right old whinge. Not really, or rather, you wouldn't say that to a woman who suffers from it. Are there any ways of telling if your model has it? Why of course there are. Just follow our simple checklist, and soon enough you'll know which ones not to chat up.

When clasping her breasts, does the model go, "Oooh, they're really sore, I don't know if I can do this, you men never understand. Bastards the lot of you!"

YES/NO?

YES/NO?

Has the model constantly refused to take that hot water bottle out of her crop top and, in addition, do you feel slightly in danger every time you say, "I don't know what's up with you, love, but I feel great?"

flaccid, he has a five inch, which grows to virtually nine inches when fully erect. I told her it sounded very impressive, and then continued by telling her my meagre measurements. She laughed in my face, "That's not small, it's tiny!" she said, mockingly. Trying to save face, I said, "It's not what you've got, it's how you use it." This only made her laugh even more, "Mike says that only men with small cocks say that, in order to make themselves feel better." I guess she was right. After all,

inches in length when soft, growing to just four inches when erect. It is also quite thin.

I can't remember how it started, but just before Christmas I got talking to my 21 year old step-daughter, Louise, and she said that she had heard from her mum, my wife, that I was a bit small. She told me that her boyfriend, Mike, is far from small. I asked how big he is and Louise told me that even when

If the answer is Yes to all of the above, your model has PMT. If the answer is No, can we borrow her for a while?

Five Bald Babes

We sat around the room, deciding what to do with the little shavers. Each issue, a girl shaves off her bush and, whilst that's quite all right with us, we fancied a bit of a change. The discussion threw up many ideas. For example, we considered getting a model to shave her head as well as her fanny, but it sounded silly. Then the Ed leapt out of his seat, "By jingo, I think I have it!" he yelled. "Five fabulous fillies flaunt fluff-free fannies for fans." Then he fell over, shaking violently and drooling as he considered the possibilities.

Stark Ravers is yours to fill with all your favourite naughty pictures, and we're constantly on the lookout for more. So grab your camera and get snapping, vicar. We'll need at least five pictures of you and/or your missus baring all, and we'll pay you 25 quid per picture printed! Polaroids or photos are fine, but I'm afraid that we can't develop your films for you! (Who do you think we are? Boots the Chemist?!) RAVERS

DEAR DELILAH

Got a spunky secret to share with other readers? Then send a hot, sticky letter to me, Delilah, and tell me all about it. I'm 36 years old and a 36DD cup. I've been around and I'm unshockable. At least I think I am. Why not try me? I can't promise not to answer back though. Think of me as your own personal sex therapist and get those letters-and yourself-coming. Send your horny reads to: Dear Delilah, Ravers, Galaxy Publications Ltd., PO Box 312, Witham, Essex CM2 3SZ.

Dear Delilah

I am a girl of 18 and a half. I found a copy of Ravers in my Dad's car and I think it's really great – sexy and funny at the same time. I'm so glad I've discovered your column because I want to ask something that's too rude for an ordinary agony aunt in a woman's mag. I'm still a virgin and want to stay that way for a while. I've got a boyfriend and he keeps getting his penis out and putting my hand on it and asking me to wank him. I know what wanking means, but I don't know how to do it and I get in a big panic every time he asks me to.

CAROLE, TAUNTON.

Years ago I had the same experience, Carol. I got off with an older boy at a party and when he was driving me home, he stopped the car, got out his cock and asked me to give him a blow-job. I said no, as I'd never done it before and the

thought of taking a bloke's smelly old cock in my mouth seemed revolting to me then. So he asked me to give him a wank instead and as I sat there dithering, he grabbed my hand and clasped my fingers round his cock. I said, "I don't know what to do!" Whereupon, being a very nice (and by now very

frustrated) guy, he showed me. He placed his hand over mine and guided my hand up and down his shaft. That up and down stroking with a hand closed around his cock is

the basic wanking movement. Cocks come in two types, circumcised and uncircumcised. If he's got floppy skin around his cock, called a foreskin, it's easy to wank him because you just move the skin up and down. If he's been circumcised

and the foreskin isn't there, just keep rubbing with your hand, up to the tip of his knob, then back down. Vary the pressure. Tighten your hand and squeeze, but not hard enough to hurt, then loosen off. Gradually rub him faster and faster.

At some point he'll grip your hand and indicate that he's been rubbed enough, and then his semen, or seed (commonly called come or spunk) will shoot out of the end of his cock. When you get bolder, you can place your lips round his cock as you wank him, and take his spunk into your mouth. It's not poisonous and it's okay to swallow it. Good luck! Write to me again and tell me what it

transvestites. The host kept joking about the new form of safe sex he'd invented which consisted of putting your elbow into somebody's ear. I realised it was a joke (You're telling me!) but when I came home, I asked my girlfriend if she would put her elbow into my ear. She thought I was mad. (Wonder why?)

We were naked in bed at the time. My girlfriend is very slender, with very white, milky, smooth skin. She leaned over and bent her arm and as I felt the heat of her skin getting close to my ear, I began to feel very, very sexy. When her little pointed elbow actually made contact, it fitted like a plug in the notch

'glue ear' a whole new meaning.) I really think that guy in Holland was onto something. Let's hear it for the long-neglected elbow!

PETER, PLYMOUTH.

Well, Peter, what can I say? You can stick your elbow into my shell-like any time. Maybe they'll have to invent condoms for elbows.

mine shaved. I like showing off my cunt lips through a wisp of transparent nylon and it makes wanking easier - you don't get pubes tangling round your fingers. And as for eating pussy...who wants a mouthful of claggy hair containing the matted evidence of the last few shags, plus a few fish suppers? But each to their own, I say.

was like the first time you made your boyfriend come.

Dear Delilah

I was over in Holland recently and I went to a really kinky party where the guests were mostly lesbians and

of my earhole and when she playfully twisted her elbow round in a screwing motion, I nearly came. I had never realised my ears were so sensitive. The session ended with me fucking her ear and shooting come into it. (Gives

Come to think about it, it may be a good alternative to a sling for a broken arm!

Dear Delilah

I spunked all over the Dear Delilah pages of the August issue when I saw that woman with the excessively hairy twat. My juice just wouldn't stop pumping. I would like to meet her and rub my face and my prick all over her fanny fur and chew the hair in her armpit. I think body hair is really wild and animal. If that picture of you is correct in every detail, you obviously shave your pubes. Why?

Sexual hair is meant to be there and acts as a signal for the male, to help him hit the spot.

GORDON, CHELSEA, LONDON.

You're just a Neanderthal throw-back, Gordy. You're right, I prefer

Dear Delilah

Have you ever posed for any nude photographs? Have you appeared naked in Ravers? I think you are a wonderful, horny lady and I should love to have a picture of you to take to bed with me.

GEORGE, BATH.

Thanks for the compliment, George. Yes, I've posed nude many times, but always for boyfriends with Polaroids, never professionally. Without being too explicit, there's one particular set of me in rubber having a smoke on the bed that always gets my twat trembling. I love posing nude. It makes me feel very daring when I open my legs, pull my flaps apart and welcome the lens into every orifice. But they're not for publication - sorry, George! If I ever decide to pose professionally, you can bet that Ravers will be offered first chance of publishing the red hot pics!

Dear Delilah

I am a vicar's daughter and was brought up not to swear or blaspheme. My husband worked for the church and wouldn't dream of using the kind of language you use in Ravers. But two years ago he went off with another woman and I swore that that was it – no more men! Fate, however, had other things in store in the shape of a young chap called Ade who is employed as a gardener by the local council. I met him when he was pruning trees in our street. He gave me the eye when I walked past with my young daughter and later, when I nipped out on my own to buy some ciggies, he chatted me up and said he'd like to take me out for a drink.

Have you ever felt such passion for a guy that you wanted to rip his clothes off as soon as you met him? **(Yes, many times. Nearly every day in fact.)** That's what it was like with me and Ade. I was only 30, after all, and very frustrated. When Ade finished work he came round. I finished putting my daughter to bed

and when I came down the stairs he was waiting for me in the hall. He lifted me off the stairs and pressed me so hard against him that I could feel his hard prick digging into me.

I'll never forget what he said. It was: "I'd like to stick my cock in your wet cunt and give you the shagging of your life." His dirty words thrilled me to bits. Clothes went flying and next moment I was on my back in the hall with my legs halfway up the wall and Ade in between them, his bul-

bous cock firmly implanted in my cunt. He spoke all the way through. "I bet you like a man's fingers on your clitoris... My balls are full of spunk for you... You've got a lovely tight cunt... I'm going to pump spunk into you very soon."

I had three orgasms just from hearing him use words which for so long had been forbidden. He asked me to tell him how I liked his cock inside me. "I love your cock in me, it's so big and hard and it fills

over your lovely big tits." And he did. I learned a lot of things that day, the most important being the power of taboos. Ade's my regular lover now and whenever he wants to make love to me, he has to ask me if he can fuck me, or if I fancy a shag. Do you think there are many women like me, who love hearing dirty language, or am I unusual?

ROSE, HUMBERSIDE.

You're certainly not alone, Rose. I love men talking dirty during sex, too – many women do. Like you say, it's the power of the forbidden that is such a turn-on. I especially love it when a foreign man talks dirty in a sexy accent. "I'm going to ferk your cerni" gets me creaming!

Dear Delilah

Do you think certain races are hotter blooded than others?

People talk of Mediterranean types as being hot-blooded, but in my experience nothing beats Jewish girls. They're dark, fiery and utterly rampant.

Maybe I'm biased because I lost my cherry to a wild Israeli

me right up," I said. Just saying the word "cock" made my clit pulsate.

When he was ready to come, he said, "I've changed my mind. I'm going to spray my spunk all

them in my pockets and she gave me a feel. Of course my dick was rock hard in no time, with her hand wanking me. She started to breathe heavily and lick her lips and I noticed how her nipples were erect and poking against her t-shirt. I got my teeth around one and nibbled it and suddenly she was

for me, but she was nowhere near satisfied, and got down on me and sucked until I was hard again.

Lying on the ground, she then pulled me down on top of her and I rode her on the hard ground. I got the hang of fucking in no time. I picked up her rhythm and learned the joy of becoming one single shagging unit with a woman. I've never looked back since. I've had three more Jewish girlfriends, each one more rampant than the last. I'm not Jewish myself, but I would happily convert if one wanted to marry me. What's your opinion, Delilah? Have you found any men to be hornier than others?

PHIL, WOLVERHAMPTON.

body pierced? I'm a bit of a piercing freak myself. I have my ears, nose, lower lip, nipples, navel and foreskin pierced. (I bet you set off all the machines at the airport. What happens if you walk too close to a large magnet?) I think bodies are made to be adorned and that piercing is sexy. My girlfriend has had her nipples pierced on my request and says they are now far more sensitive and feel much sexier. She loves it when I tug gently on the rings with my teeth. I'm now trying to persuade her to get her labia pierced.

TERENCE, NEWCASTLE.

Sorry to disappoint you, Terence, but the only lobes

girl when I was 19 and working on a kibbutz. It happened when we were supposed to be picking fruit. It was roasting hot and I was wearing just a pair of cut-off jeans, nothing else. She crept up behind me suddenly, slid her hands into my pockets and got a shock because both my pockets had holes in and her hands encountered soft, dangling bollocks and a semi-rigid prick.

She squealed and went to withdraw her hands but I trapped

pulling down her shorts and begging me to fuck her. We did it standing up against a tree. The second I released my cock she was on it, jamming it up her soaking, thickly haired fanny. She grasped the branches above her and wrapped her legs around my waist while I pounded in and out. It was all over in a few strokes

I think men are horny, full stop. Every race has its sex fiends and its non-starters. But I suppose that if I were to single out one particular lot, it would be Turkish men. I think it's all that healthy, organic food they eat - no pesticides to interfere with their testosterone. They're just horny and hard 24 hours of the day and I've had many a holiday orgasm in celebration of the fact.

Dear Delilah

We've never seen you without clothes, so what I'd like to know is, do you have any parts of your

I've had pierced are my earlobes. I'd be worried about getting my cunt flaps done because what happens if you get your tampon tangled in your rings? And can you, or any other pierced Ravers reader, tell me how you can fuck with a cock ring and not cause any damage either to your foreskin or the lady's vagina? It's something that's always puzzled me, along with the question of, if you have a cold, does snot ooze out of your nose ring hole?!

Up The Workers

On a break from a shoot, Melissa decided to pop into the Market Bar and Grill, a pub in the picturesque Suffolk town of Ipswich, just for a quick half. Anyway, after being recognised by the barman, "Christ, you're one of them nude models, aren't you?" she consented to getting her bits out and flashing around the pub. Now, I'm sure you'll agree that there's nothing wrong with that, is there? Plus, it guarantees us free beer and grub the next time we go in.

The great British summer, and what a summer it was. One for the record books, so they tell us. Personally I think it will always live large in my memory as the year we managed to get Liz to pop out her perfect little tush on a beach and I stood choking my python as she rolled around and got loads of wet, gloopy mud all over her. God, I love a woman with a bum as fluffy as a cushion and Liz is filled with purest eiderdown. A shame really as she point blank refuses to be filled by me.

Rave On!

MARY LIVES,
THE COCK INN
TILET.
HERE'S
DEAR RAVERS
HERE'S SOMETHING THAT HAS
I AND I LOVE...
TAINED IN THE...
MIND I WAS...
TO RECENTLY...
THE SON WAS...
WHEN I WAS...
WAS NOT ALONE...

Mike is bigger soft than I am hard.

Curiously, I found myself to be very stiff, and I just had to go and have a wank. Just thinking

of her laughing at my small cock made me come very fast.

Over Christmas we had some family round, including Louise, Mike and two cousins, both

women. They were all gathered in the hall when I slipped past them to go to, as I said, "The room where the big cocks go!" Louise replied that I would probably be more suited to the little boy's room. I laughed and moved on, but as I got halfway up the stairs I heard one of the cousins ask what she meant. Louise told them all that my cock is tiny. She even told them my measurements. I heard them laugh and one said, "Christ, that wouldn't do for me." It was at this point I left, reaching the toilet in time to deal with my raging stiffy.

Now I find that every so often I am the butt of Louise and Mike's jokes. Sometimes, even my wife joins in. I must admit that I laugh

with them and often encourage it as I enjoy it when Louise laughs at my smallness.

The thing is, I am 40 years old and I know I am a bit small, but it never really bothered me before. Why is it that now I should find it a turn on when I know that someone is laughing at me?

I have even planned ways to let Louise see me naked so that she can see my cock and laugh at it. As yet I have always chickened out at the last minute, but I have some good wanks just thinking of it. I can't really discuss it with my wife. Could you please give me some answers as to why I am doing this.

Thanks for listening.
